David Sabalet Rodríguez

Senior Frontend Developer | JavaScript · Vue.js · React · TypeScript
· AWS | Web & Cloud Solutions
Greater Barcelona Metropolitan Area

Summary

Senior Full-Stack Engineer with 20+ years of experience designing, developing, and delivering scalable web applications and cloud-based solutions. Specialized in modern JavaScript and TypeScript ecosystems, with extensive expertise in Vue.js, Nuxt.js, Node.js, HTML5, CSS3, and AWS. Throughout my career, I have successfully evolved from enterprise Java development to modern frontend and full-stack architectures, building high-performance, maintainable, and user-centric applications. I enjoy solving complex technical challenges, improving development processes, and collaborating with cross-functional teams to deliver business value. My technical expertise includes:

- Full-Stack Development - Frontend Architecture
- Vue.js, Nuxt.js, React - JavaScript (ES6+), TypeScript - Node.js
- HTML5, CSS3, Responsive Design - REST APIs - Unit Testing & Test Automation - AWS Cloud Services - CI/CD - Git & Agile/Scrum - Performance Optimization - Web Accessibility (WCAG)
- Clean Architecture - Software Design Patterns

I have worked across multiple industries, delivering scalable products from concept to production while maintaining high standards for code quality, testing, and performance. I value continuous learning and enjoy adopting new technologies that improve developer productivity and customer experience. I'm particularly interested in opportunities involving:

- Senior Frontend Engineer - Senior Full-Stack Engineer - JavaScript / TypeScript Engineering - Vue.js / Nuxt.js Development
- Cloud-native Web Applications - Technical Leadership - Software Architecture - AI-powered Web Applications - Modern Software Engineering Practices

Experience

Allianz Technology
Senior Frontend Developer
April 2026 - July 2026 (4 months)
Barcelona

Update and new implementations on a modularized Svelt app.

LoveToKnow Media Spain
